

PS-300T2

Code: PS300T2

Category: Domestic

The portable unit provides Plasma Ionization and H13 HEPA air purification capability within a compact, silent operation delivering continuous disinfection management for the space.

Features:

1. Powered by USB charger
2. Silent operation
3. Ionization
4. H13 HEPA Filter

Product Info:

Application Area*: 20m² to 30m²

Voltage: DC 5V (USB Charger)

Weight: 0.52kg

Power: 2W

Capacity: 30 - 50 m³/hr

Noise Level: <40dB

Dimensions: 120 x 194 mm

Servicing: HEPA filter replacement every 12 months and ionizer every 24 months.

Potential Applications:

1. Home or Work Office
